

## CALL FOR DOCTORAL SYMPOSIUM IN ENGINEERING EDUCATION 2020

The 4th **Doctoral Symposium in Engineering Education Research** offers an opportunity for PhD candidates to explore and develop research interests in an interdisciplinary workshop, under the guidance of a number of well-known senior scholars within the Engineering Education Research (EER) field. During the Doctoral Symposium, the participants will share their current dissertation work with others and exchange feedback.

To this event, we now invite doctoral students in *Engineering Education Research*. Ideally the participants have an active PhD research plan, so they can benefit from participating in the workshop.

The aim is to provide an opportunity for doctoral students to:

- meet other students and supervisors to extend their network and view of the EER field,
- present and discuss their own work and the work of others,
- get perspectives from scholars outside their own institution,
- contribute to the conference and the SEFI EER community with other participants, and
- promote collaborative research and elaborate future research directions.

The Doctoral Symposium takes place on Sunday September 20, as a pre-conference event to the SEFI 2020 Annual Conference at University of Twente, Netherlands. All participants must also be registered to the main conference. For PhD students accepted to the Doctoral Symposium, the SEFI 2020 conference fee is reduced to 300€.

To participate, please submit an extended abstract by May 30. See important dates below.

Doctoral Symposium Deadlines	
15 May 2020	Submission of extended abstract covering the central aspects of the PhD work according to the <a href="#">template</a> . Send to <a href="mailto:jonte.bernhard@liu.se">jonte.bernhard@liu.se</a>
22 June 2020	Notification of final acceptance
10 July 2020	Early bird registration for the SEFI conference
20 Sept 2020	Doctoral Symposium at SEFI 2020, University of Twente.

The Doctoral Symposium is organised and chaired by

- Jonte Bernhard, Professor, Linköping University, Former Chair of the *SEFI SIG Engineering Education Research* and Deputy Editor of the *European Journal for Engineering Education*,
- Kristina Edström, Associate Professor, KTH – Royal Institute of Technology, Editor-in-Chief of the *European Journal for Engineering Education*,
- Tinne De Laet, Associate Professor, KU Leuven, Chair of the *SEFI SIG Engineering Education Research* and member of the SEFI Board of Directors, and
- Maartje van den Bogaard, Assistant Professor, member of the *SEFI SIG Engineering Education Research* and Deputy Editor of the *European Journal for Engineering Education*.
